4 Vocabulary Review

Aims: To review and practise vocabulary from the unit. This can be completed when students have finished the unit.

Time: 15-20 minutes

Materials: One set of cards cut up for each pair of students

- The cards are divided into two lexical sets. You can choose just one of the lexical sets, or, for a more challenging activity, you can mix up all the cards together and practise both lexical sets at the same time.
- Divide the class into pairs and give each pair a set of cards. Tell them to share out the cards equally, without looking at their partner's cards. Student A then chooses one card and lays it down. Student B must try to find a word to fit either one of the words on Student A's card. So, for example, if Student A lays down the card: tourism | camp, Student B could choose the card: site | mind- and place it so that the word site is next to the Student A's word camp. Alternatively, Student B could choose the card: swap | eco and place it so that the word eco is next to the Student A's word tourism. If Student B has neither of these cards, he/she misses a turn and Student A plays a card. The winner is the first person to use up all their cards.

guest house
package holiday
youth hostel
house swap
eco tourism
campsite
mind-blowing
run-down
overcrowded
breathtaking
self-catering apartment
time share apartment

see the sights
set off on a journey
