

Play the game in groups of three. Throw the dice and move your counter. Complete the sentences with your own ideas. Who can reach the end first and change the world?

If I ruled the world, I would ban all cars from city centres.

If I hadn't watched the news last night, I wouldn't have come to this demonstration.

If we had discussed this topic at school, I would know more about it.

## The Change the World Board Game

## 8 Grammar Review

**Aims:** To review and practise second, third and mixed conditionals. This can be completed when students have finished the unit.

**Time:** 15–20 minutes

**Materials:** 1 handout for each group of three students; you will also need dice and counters for each group

- Divide students into groups of three. Give them a copy of the board game, a dice and counters. Tell them to place the counters on START HERE!
- The first student rolls the dice, moves their counter and completes the sentence on the square. If they can't complete the sentence, or they make a mistake, they go back three spaces.
- The winner is the first person to the THE END square, or the person on the highest number when you stop the game.
